School council meeting minutes
Date of meeting: 26th March 2009

1. Welcome
We discussed the minutes from last week.
Proposed by Aneesa second by Cairo.

2. Red nose day
For red nose day Chad vale had raised £270.00.We would like to thank all of the children who brought money in and who had worn red. This money will help a lot of children. Chad vale voted to help children who never had a home so this money will go towards them.

3. Ideas from the suggestion box
The suggestion we had from the suggestion box was: a cheer leading squad, cooking class and more equipment. We should be able to make some of these suggestions come true.

4. Walking to school:
Children from classes have been decided the way they want to spend the £1000.00s. These are the things they want: bicycle rakes , scooter rakes, umbrellas and more equipment that will be discussed.

5. Feedback from class councillors
Lots of people wanted to clean the toilets. The gardening club has been running successfully with there amount of people. Boy's toilets do smell Mr Samson said if you want them clean tell the boys don't pee on the floor and flush the toilets.Toliet flushing is to all people after they have been to the toilet.
